

TeethOnWheels™
a positive dental experience

Our school is lucky enough to have partnered with Teeth On Wheels, to provide oral health care every 6 months for the children in our community.

Teeth On Wheels aim to change the experience of visiting the dentist and have developed a reputation for providing a positive dental experience.

How to be Eligible for government Funding!

The Australian Government supports Oral Health via the **Child Dental Benefits Schedule** providing **Free Dental** up to the value of **\$1,000** over a 2-year period between ages 2 – 17 years for eligible families. To be eligible for the Child Dental Benefits Schedule the families must be claiming one of the following benefits: Family Tax Benefits-Part A, Parenting Payment, Abstudy, Youth Allowance, Carer's Payment, Disability Support Pension, Special Benefits or Double Orphan Pension.

If you're not eligible your child can still be seen!

For families that do not meet the Child Dental Benefit Schedule criteria, Teeth On Wheels offer a discounted price of \$99 for appointments made through our school. This includes a comprehensive check-up and clean, a protective fluoride treatment and all necessary x-rays are free under this deal.

Any additional treatment required will be capped at the Medicare pricing which can be 30% cheaper than a local dentist, making all dental treatment more affordable. After any treatment, Teeth On Wheels will provide families with a receipt/invoice which can be used to claim the treatment through the families private health insurance. They also offer payment plans on request.

Complete your form now by following the link below or head to reception to complete your hard copy form.
